

I feel that you should not implement any proposal that would lesson Indiana's Telephone Privacy Law. I used to be bothered several time a week by unwanted phone calls and now I rarely receive those types of calls. It was very disturbing to be dining with my family and have the phone to ring and discover it was someone wanting to sell me an unwanted product. We now eat in peace and free from those calls. Iniana's Law is working and my family and I are enjoying it.

Thank you,
